Chris:

Wow! Our trip to China exceeded all expectations. You proved the value of using a company that specializes in one area of the world and focuses their tour programs around the product they know best.

Start to finish our recent trip with ChinaPlus was over the top with perfect planning, lovely hotels, delicious food and diverse venues. I know the group enjoyed and appreciated the dumpling dinner. The Tepanyaki dinner was superb and the perfect ending to a fabulous tour.

Many thanks to you and Ping for the detailed planning and execution and all of the extras that made the tour so great! I look forward to working with you on SE Asia for 2015.

Best regards,
