Dear Chris & Ping,

“Thank You” for an incredible *Journey* through China. Everyone in the group agrees that this tour exceeded our expectations. Our 15-day trip “China Highlights & Yangtze River Cruise” was a great starting point for exploring this vast country and learning about the Chinese culture. Now we are all looking forward to exploring other parts of Asia with ChinaPlus.

I really appreciate your prompt answers to all of our questions before departure and handling the visa processing. Chris’ knowledge and experience was crucial in dealing with our emergency. While his concern and attention to the situation was on-going, he also kept the tour on schedule and ensured that we saw and did everything as listed in our itinerary.

The city guides were all knowledgeable, entertaining and spoke very good English. The Yangtze River cruise was relaxing and beautiful. All of the hotel accommodations were outstanding. The unusual things like: the rickshaw ride in the Hutongs, morning Tai Chi, the Farmer’s Market, foot massage, tea ceremony and Chris’ funny stories paired with the famous sites such as: the Great Wall, Tiananmen Square, Forbidden City, Terra-Cotta Warriors and Three Gorges made this a perfect trip.

For a top-quality adventure and exceptional service I will always recommend ChinaPlus and Chris & Ping Lee.

Thank you!
