

**3/25/2020**

**22 Home Federal Jubilee Club Members experienced a phenomenal China Plus Yangtze River in October 2019. The hotels were beautiful, centrally located within walking distance to shopping and parks, and the quality exceeded many US hotels. Morning breakfasts were abundant, western and excellent. Group meals were planned to our members' preferences (no one went hungry!). Local guides were professional with quality English skills. The itinerary was well paced allowing enough time at each of the quality venues as well as time for rest or exploration on own. Inter-country flights were handled efficiently and without mishaps. And of course, the professionalism and charm that Chris and Ping display to the group members is unsurpassed. On a personal note, this was my fourth trip to China and unequivocally the best in all ways. The unofficial word in our industry is that "if you are going to China, you go with ChinaPlus as they are the best" and I am in total agreement. Announcement of our China Plus Yangtze River brought four new clients to the bank with a total of 50% of registrations being from members who had never travelled with our program in the past. I highly encourage this program for every bank club.**
