Dear Chris & Ping:

The 15 Day China Highlights plus Yangtze River Cruise was absolutely wonderful. We have been back in Gillette for about a week and a half and the comments that I continue to receive from the First Horizons Club(FHC) members that participated continue to be as they say in China "Ding Ding How" meaning "Very, Very Good"!

The 5-Star hotels were only the beginning of this great experience. Next, it was quite evident that Chris & Ping arranged only the best guides in each city we visited. Their English language skills were excellent. They were well informed and it was quite evident that each one enjoyed sharing their country with us. The many areas of interest that we saw were phenomenal. The Yangtze River was another great experience. There were additional excursions available on the river to be sure that everyone could experience as much of the area that was available.

The luggage and boarding passes were pre-arranged for us prior to arriving at the airport for our three flights within China. This was a very smooth process and again everything was handled by Chris. All we had to do when we arrived at each airport was go through security and on to our boarding gate to board the plane. It was awesome!

Chris took the time to be sure everyone was enjoying themselves. When anything would come up, he personally saw to it and took care of it. Everyone felt they were an important part of the tour.

In rating this trip, I would have to say that it was definitely a 10-10 being the highest score. When I have a chance to speak with other bank club directors at Peer Group in Rapid City, I am going to highly recommend for them to schedule an appointment with Chris & Ping Lee, owners of ChinaPlus Tours.

Chris, you did a phenomenal job and I "Thank you" for taking such good care of us. I will look forward to scheduling another trip with ChinaPlus in the future.

Sincerely,

Susan Evenson, Director
